of the Western Golf association in this city. Should the tournament be sanctioned it is probable a western junior championship will be created and a trophy donated.

Members of the Mayfield Country club of Cleveland and the Homewood Country club of Chicago expect to enter complaint that their clubs were slighted in the selection of a course for the national amateur tournament. The United States Golf association awarded this event to the Ekwanok club of Vermont. The Western clubs insist they sent proxies to the national meeting with definite instructions, but that the proxies were not voted.

A warm contest is looked for in the selection of a course for the western amateur championship tournament. Applicants for this event are the Kent Country club of Grand Rapids, Mich., the Omaha Country club of Omaha, and the Mayfield Country club of Cleveland. Indications are that the Grand Rapids club will get the meet. The Interlaken Country club of Minneapolis is the only applicant for the open championship.

LAW MAY PURSUE THE OGDEN GIRL WITH HOBBLE SKIRT

Several matters involving the welfare of the young people of the community are being seriously considered by Judge V. C. Gunnell of the juvenile court. One of these is the starting of a campaign against the wearing of hobble skirts by young ladies and girls.

In speaking of this Judge Gunnell says that the hobble skirt for girls is being carried to extremes and that he believes it to be not only foolish, but wicked and in some instances actually unlawful.

"It is a common thing," he said, "to see young girls trying to get over a fence or through snow and mud where so ridiculously hobbled as to make them objects of pity as well as ridicule."

He has noticed nearly every day, while going to and from his home, school girls trying to get to the High school from Washington avenue, with their legs dangerously and evidently painfully bound and made nearly useless by tight skirts.

This condition he believes to be harmful. Even if the girl avoids falling upon the icy sidewalk she is denied the benefits of the healthful exercise of walking naturally and gracefully.

"Another and a very important point," said the judge, "is that if a girl or young lady is not lost to all modesty, she must feel deep shame and sorrow over being observed by many as a thing to be laughed at and by others as a creature deserving of pity and needing assistance."

"It is a serious question whether the juvenile officers should permit this sort of thing to continue. It surely is actual abuse of the child to either cause or permit girls to be so dressed, even if they are so enslaved to the prevailing fashion as to desire it."

The judge also thinks that the mothers should exercise more thought in the matter of seeing that the girls are dressed comfortably and he said that parents who would allow their girls to go onto the streets dressed as many of them are, should be summoned into court to answer to the charge and as being unfit to have the custody and care of girls.

"It is nonsense to talk about outdoor exercise, manual training, gymnastics, refinement and morality and then permit such folly in the matter of dress as is the common custom," continued the judge. "No one can or will accomplish anything at school or at any kind of employment. It is simply training them to view the frivolous and foolish as the main thing in life and to place a false estimate upon the esteem of other people."

"The short, nicely fitted dress," said the judge, "after giving his opinion of the hobble skirt is the correct thing, as it leaves free and natural movement to all parts of the body."

McIntyre and Heath, who have been stage partners longer and more congenially associated than any two professionals known to the world, will be the attraction at the Orpheum theatre next Monday night with a comedy of 100 people. The celebrated

MANY BOYS MAY BE ARRESTED

A case of more than ordinary importance will be heard by Judge Gunnell of the juvenile court, on Tuesday or Wednesday of next week. The defendant is Kenneth Monson and the complaint that has been filed against him charges petit larceny. The boy is 15 years old and is alleged to have stolen a number of articles of clothing from the Watson-Tanner Clothing company, by whom he was employed. The case has been under investigation by the juvenile court officers for several weeks and, in addition to this action against Monson, charges will be made against six other boys who are said to have bought the goods from him, knowing that they were stolen.

HE OBTAINED MONEY UNDER FALSE PRETENSES

John Creiger was tried in the municipal court this morning on the charge of obtaining money under false pretenses. He pleaded guilty and the case was taken under advisement. Creiger was arrested by Detective Robert Chambers on complaint of J. F. Smith, proprietor of the Elephant saloon. He had given Smith a check for \$5 on a Salt Lake bank and Smith discovered later that the man had no funds in the bank. The man was penitent in court and said that he thought that he had money in the bank when he wrote the check.

Four drunks received suspended sentences. They were Joe Rivers, a Mexican; David Jones, Fred Hager and E. D. Gilmore. Jones was the only local man. According to police statistics he held the record in 1913 for being arrested more times than any other offender. He improved somewhat last year and the judge gave him another chance.

The other two were electricians just in for a holiday. Gilmore was sentenced for six months, because he is a married man and the judge thought he needed a little moral suasion to keep him straight.

PLANTING FOREST TREES IN NEVADA

Past experience in planting forest trees in Nevada has not been as encouraging as in Idaho and Utah, and so, while the funds appropriated for this work are limited, it has been thought wise to confine the work to those forests where it is equally needed and has been more successful. In addition, areas planted to young trees would have to be closed to grazing for a few years, and the protective and timber producing value of planted forests would need to be high to equal the value of the splendid Humboldt ranges for conservative grazing.

However, S. B. Arthur, forest supervisor, reports excellent success from trees planted in 1912, and he is of the opinion that some of the extensive areas covered with a dense growth of short and scrubby aspen, can and should be underplanted with Douglas fir. Soil and moisture conditions are favorable, and the aspen would afford the desired protection.

Quiet, But Visible.

Wealth Has Its Trials.

Don't Envy A good Dresser

but be one of them. A man should pay particular attention to his dress in every detail. If he does, the attention he receives from others will be just as noticeable. Never let your trousers bag at the knees or let your suit become spotted and out of shape. Prolong the wear of your clothes by having them
